7. Tues. Sept. 6th-First day of school and start of bus transportation.
8. Mon. Sept. 12th-Start of Reach Program.

I have attached a field trip permission slip for our trip to the Reach garden during our summer program, on Friday June 24th. Please only fill this out if your son/daughter will be participating in the summer program and return to me as soon as possible. Although REACH is not making either the summer school or the reading program mandatory, it is extremely important that your child attends. Research about how much education & knowledge children lose over the summer months is well documented, therefore, making it highly recommended that your child attends our summer program. Plus, we are going to be doing a lot of exciting things during our summer program! Your child will love it! Thank you for making 2010-2011 another successful year with our students.

Please be looking for my end of the year attendance report to come in the mail late June/early July. Also, please feel free to contact me over the summer at anytime. I will be in and out of the Club all summer, but will be available on my cell phone. I hope everyone has a fun and safe summer, and I look forward to seeing all of you again in the Fall.

Sincerely,

Lauren Garske, Project Coordinator
